

BEST PAKAT & MONSOON PREPARATION

ISSUE: 2, 15th October 2016

SC Oilfields & Logistics Sdn Bhd

Congratulations!

BEST OCTOBER MENANG PAKAT went to Pg Baharuddin Bin Pg Arshad

Pg Bahruddin has been an employee of SCOL for almost 9 years and currently holds the position of FOS in West. Hj Shahrurizzam personally thank and congratulate PG Baharuddin for his achievement and would like to encourage others to stop any unsafe act.

UNSAFE ACTS/CONDITION OBSERVED:

The wireline crew were sent out to a known H2S well without a sufficient equipment and control as per working with H2S Wells' procedure. Strict adherence to H2S Wells' procedure is required whenever work is performed on H2S Wells

IMMEDIATE CORRECTIVE ACTION:

Immediately intervened the team. Discussed with them to step back and have everything in place first as per what the procedure requires while working with H2S well. The team agreed and the job was temporarily suspended until all proper equipment and controls were in place.

"COMMITTED TO EXCELLENCE"

SC Oilfields and Logistics Sdn. Bhd.

UNSAFE ACTS/CONDITION OBSERVED:

The wireline crew were sent out to a known H2S well without a sufficient equipment and controls as per what the procedure requires. In working with H2S wells. This can cause danger to the crew or could result to fatalities incase a high level of H2S is present onsite.

IMMEDIATE CORRECTIVE ACTION:

Immediately intervened the team. Discussed with them to step back and have everything in place first as per what the procedure requires. In working with H2S well. The team agreed and the job was temporarily suspended.

ACTION TO PREVENT RECURRENCE:

- This intervention was raised up to the higher management and had the H2S procedures reviewed.
- Intervention was shared with the team for awareness and learnings.

SCOL Monsoon Preparation

SCOL Workshop has successfully executed the monsoon plan in partnership with BSP to ensure that there is no movement of the equipment during monsoon. The management of BSP and SCOL would like to thank all workshop personnel and BSP logistics personnel for their hard work and working as a team to make this possible.

SCOL HSE (T-Card System)

SCOL Block-C started the use of a TCard system as tool to monitor the Personnel On Board (POB) for emergency evacuation. All personnel assigned in Block C need to have their names in the system. Wireline crew who will be assigned in the workshop will be given a temporary TCard from their designated department.
